SUMMARY

Specialized as a Full-Stack Developer, I possess strong expertise in both frontend and backend technologies, including JavaScript, HTML, React, CSS, and Node.js. I am experienced in developing scalable, user-friendly, and functional web applications, utilizing modern technologies to provide innovative solutions. My focus is on delivering seamless user experiences while ensuring efficient server-side performance. I am dedicated to continuous learning and applying my problem-solving skills to build high-quality applications from start to finish.
